ABOUT UPUD

UPUD was formed on July 26, 1946, as an independent special district to provide agricultural and domestic water services. The 19.1 square mile district encompasses the communities of Murphys, Douglas Flat, Vallecito, Six Mile Village and Carson Hill. Raw water from the North Fork Stanislaus River is provided to UPUD's treatment plant via a canal and flume system by the Utica Water and Power Authority. The district's water treatment plant has a capacity of 2 million gallons per day, and annual residential demand is generally around 1,000-acre-feet. The average daily flow treated at the facility is 850,000 gallons. The district has six staff members and about 2,000 customers, which includes single and multi-family, commercial and irrigation connections.

APPLICATION INFORMATION

For more information about this position, contact UPUD at adminupud@goldrush.com or (209) 728-3651. To apply for the position, please complete UPUD's employment application, which can be found at www.upudwater.com/employment and submit to adminupud@goldrush.com. Applications can also be dropped off or mailed to the office at 339 Main Street, Murphys, CA 95247. This position is open until filled.
